

# Apple Macintosh OS X: Connecting to the Wireless Henderson Public Library Network

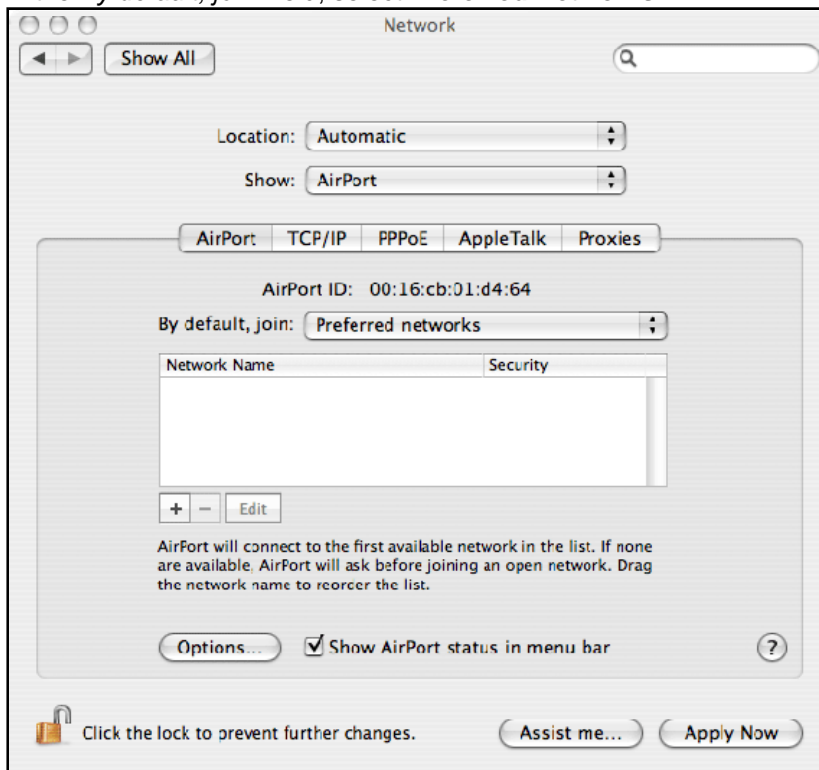

1. From the **Apple** menu, select **System Preferences**.
2. Click the **Network** icon.

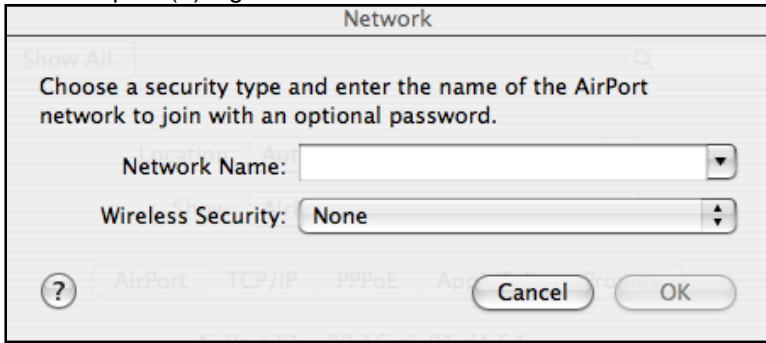

3. In the *Show:* field, make sure that **Airport** is selected

4. In the *By default, join:* field, select **Preferred Networks**.

5. Click the plus (+) sign to add a network. You will then see this window:

6. Type "HAWKSPOT" in the *Network Name:* field and click **OK**.
7. Click **Apply Now**.
8. The airport signal  on the top right corner of your window should now show connectivity and you should be able to use a web browser, e-mail or any other application that requires a network connection.
9. Once your connection has been established launch your internet browser.    
10. You will be directed to the HAWKSPOT Login page

8. Once you have Agreed to the Henderson District Library Internet Access Policy by selecting the "I Agree" radio button proceed to step 9.
9. Enter your library card number and your PIN into the designated fields and click ENTER.
10. At this point you will redirected to <http://www.mypubliclibrary.com> where you may begin your internet surfing.
